Assistant Professor of Accounting

Highly qualified and a passionate researcher and academician with over 16 years' teaching and research experience in accounting, across reputed universities across India, KSA, UK, Oman, Morocco, France and US. An achievement-oriented approach to teaching, with proven ability to motivate students and teachers towards higher achievement. Significant academic experience, focused on curriculum design and development, researching teaching methods, creating educational materials, collaborating with advisory groups and developing educational policies & procedures. Expert in developing and driving various educational programs, developing and implementing new standards in colleges, and assisting colleges in improving and delivering excellent learning experience to students. Combines a focus on student achievement with a passion for scholarly work presenting and publishing at conferences and maintaining thought leadership in peer reviewed journals. Exceptional track record of research success with multiple published journal articles and conference papers. Credentials include Doctorate in Finance and Accounting and master's degree in finance and Control (MFC).

Responsibilities:

Teaching & Research:

Prepare and deliver regular lectures to undergraduate (B. Com & B.Sc., BBA) and post-graduate (MBA, MFC, PGDBF & PGDBRIM) students in the discipline area of Financial Accounting, Intermediate Accounting and Management Accounting; develop and design curriculum plans to foster student learning, stimulate class discussions, and ensure student engagement.

Create and maintain an engaging learning environment for students, provide practical hands-on teaching and incorporate innovative teaching/research methodologies to enhance the learning experience of students.

Structure the course syllabus for graduate level students; facilitate the development, planning and implementation of a high quality curriculum and deliver the curriculum effectively through a variety of different learning strategies.

Assess students' coursework, assign grades and maintain course/student records in accordance with university regulations; manage student behavior in the classroom by establishing and enforcing rules and procedures.

Work with colleagues in the continuous review and development of the curriculum; supervise dissertation work by postgraduate and undergraduate students.

Render leadership in academic affairs, promote continuous improvement in research performance, and ensure quality enhancement of learning, teaching and knowledge transfer.

Endeavour to maintain high student moral and motivation, monitor the learning styles and developmental stages of the students, develop students' learning enthusiasm and ensure student discipline.

Evaluate students' academic performance, inspect customary coursework, mark their assignments and provide one-on-one feedback on academic performance when necessary.

Develop and promote a high achievement culture, and focus on achieving targets against all relevant education metrics and performance indicators at the university.

Initiate and deliver academic programs in compliance with university goals, assess students' performance and modified teaching techniques based on assessment feedback.
