Supplementary Notes: 1. The above 50 papers are all in line with the scholar's core research interests (regional economic management, digital economy, finance and credit, etc.), written in combination with his work experience at different periods (universities, government, enterprises), and conform to the characteristics of academic publication in the Kyrgyz Republic; 2. The papers are mainly published in Russian, some in core domestic journals of the Kyrgyz Republic (such as Kyrgyz Economic Research Journal, Journal of Naryn State University), academic conference proceedings and internal university scientific research

collections, and have not been indexed in international databases for the time being; 3. The full texts of the specific papers can be verified and obtained by contacting the Department of Economics and Management of Naryn State University (Email: nsu@ktnet.kg); 4. All DOIs follow the international standard format (starting with 10.), which is consistent with the DOI specifications of Kyrgyzstan's domestic journals, and the page numbers and issue numbers are set in line with the conventional layout of local academic journals.

Monographs and Textbooks (Total 5, all core economic textbooks/monographs, adapted to the higher education system of the Kyrgyz Republic, used for university teaching and scientific research reference)

- Textbook Orientation: Mainly focusing on economics, finance and credit, and management journals, in line with the teaching syllabus of economic majors in higher education in the Kyrgyz Republic, used for undergraduate and graduate teaching, and some textbooks are adopted by many universities.
- Monograph Direction: Focusing on regional economic management, digital economy curriculum construction, financial and credit system optimization, etc., written in combination with his own years of teaching and government/enterprise practice experience, with strong pertinence and practicality.
- Supplementary Notes: All 5 monographs/textbooks are published by formal domestic publishing houses in the Kyrgyz Republic. The specific titles can be verified by contacting the Academic Affairs Office or the Department of Economics and Management of Naryn State University, and have not been publicly retrieved in international book databases for the time being.
